FIRE TO FRIGHTEN BOYS.

### This Was Done More Effectually Than Had Been Anticipated.

A mild sensation was caused yesterday evening about 6,30 by the firing off of a gun on South Sumner avenue near the house occupied by a Mr. Davis. It seems that this gentleman bas been annoyed by mischievous urchins and to prevent further annoyance he fired o shot gun loaded with a blank whell toward the ground when the boys appeared.

All would have gone well if the flying wad used to pack the gun had not glanced and struck Robert Reynolds, son of Thomas Reynolds. It struck the boy, who was standing nearby with some playmates, on the right leg just above the knee-cap, leaving a

The little fellow was frightened for moment, thinking he had been shot.

The woolen fabrics of early spring have now given place to the cool, dressy linen and cotton weaves that come with each succeeding summer.

This season's productions are marked chiefly by a common sense study of comfort and thrift, which will prove most gratifying to thoughtful women. Yet appearance and effect have not been lost sight of for one moment, and the swellest of swell women will find enough style in the suits we are now showing to satisfy their utmost longings.

## As a Matter of Economy

It is to the interest of every woman to see these suits. You couldn't begin to have them made for the money we are asking for perfectly finished, ready to wear gowns, nor could you improve on the making or styles, no matter what price you are willing to pay. We ought to know what we're talking about when we make such an assertion. We do know, and it's because of this fact that we almost insist on your coming in to look over our

### The Sibly Postoffice.

Editor Scranton Tribune, Sir:-No matter how truthful and gen While Joseph Stouter, a lad residing erally reliable your Taylor correspondent may be, in one case at least he has it Chinchilla, was enjoying a bicycle ride yesterday, he was accosted by two drawn entirely on his imagination for his men in a carriage. They began talking facts and I don't thank him one bit for it. In yesterday's Tribune he says Caso him in a confidential manner and during the brief conversation that par Weissenfluh has been appointed postmaster of Old Forge, and authorizes the statement that the postoffice would be passed between them Stouter was suddenly felled to the ground by a blow in Mudtown. There is not a word of truth in this. The facts are briefly thus: Two years ago, at the urgent request of from one of the men and before he was aware of what had taken place they were driving away at breakneck the companies and the people generally, I took the necessary steps to get a new postoffice established at this place. But speed with his bleyele in their possesdon. He gave chase but was soon outto our sorrow we were made to realize that the Democratic party was keeping distanced. Luckily he met a farmer with a team and succeeded in inducing house in Washington in those days, and the farmer to aid him in recovering his on account of the few dollars expense the department would incur, the authorities wheeel. ### A GREAT REMEDY.

### For Sufferers from Piles.

Dr. Redmond, a specialist in the study and treatment of Piles and rectal liseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most re-markable remedy he had ever seen or tried in one respect; and that was, the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied; this was more surprising to him, because he had carefully analyzed the preparation and no trace of oplum, cocaine or similar poison could be detected.

Physicians look with great favor ipon the Pyramid Pile Cure, because it rapidly taking the place of surgical operations and because it is so simple o easily applied and contains no mineral or other poisons so commonly used n pile cures,

Dr. Esterbrook reports that the Pyramid Pile Cure not only cures the various forms of Piles, but never fails give immediate relief on the first application, no matter how severe the ain or discomfort may be.

People who have suffered from piles or years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without detention from business or interference with daily oc cupation. Sold by druggists at 50 cents per package.

liable to be paid at any time by the board. May 21, last, Van Loon confessed judgment in favor of his mother. Jane Van Loon, of Plymouth, for \$5,000. This Mr. Tennant believes is an indication that Van Loon does not intend to pay him out of the next estimate and that he is bent on preventing him from collecting it.

Judge Gunster granted a rule on the defendant to show cause why an injunction should not issue restraining Van Loon from receiving and the school board officers from paying the \$3,000 in question or any part of it until Tennant's claim is passed upon.

The rule was granted at 5.30 o'clock and at 6 o'clock Deputy Sheriff J. R. Ferber hastened to Old Forge to serve it, the plaintiff desiring to prevent the possibility of the defendants hearing of the action of court and springing a special meeting to pay Van Loon.
